Woodsdale Graded Scratch 44km

Sunday 24 June 2012

Weather : Cold, Dry and Windy, Temp: 7°C - Avg Wind Spd: 30 kph

Course (or “curse” if you spell it wrong).

Pretty simple but quite challenging course – undulating climb up to the KOM at 4 k’s before turnaround then plunge down to the turn and gravel back up to the KOM before setting sights for home.

Report.

12 hardy souls rocked up to bear the brunt of the course and the conditions (the other riders in Tasmania were too soft).
